## VILLAGE OF SHELL LAKE

It seems to me March has been a busy month with meetings and curling.....especially curling. But that is over now for another year and I can't wait to get my bike out so I can run around town!

On March 11, I attended a workshop on Human Resources put on by SUMA. These short courses are available to all council members and administrators from across the province several times a year.

Council is aware that there could be problems with the spring run-off. The village has a pump and many feet of hose at the ready if water begins to accumulate. It will all depend on the weather.

Council has been working on our 2013 budget and are happy to report that we came in under budget for 2012 and the audit is being prepared by our accountant C.S.Skrupsky.

Council meetings will resume on the third Tuesday of the month at 7 p.m. in the Village office.

Hope everyone had a great Easter and keep your chin up....spring is on its way!
