Thank you to all who telephoned, sent cards and/or attended the funeral service for my brother and our friend, Larry Iverson. He was a good brother and a good friend to many. It is a comfort knowing that others truly care and that we are not alone in our sadness. We are glad that we grew up and still live in such a caring and supportive community.

Thanks to those who brought Party-Lite, also to Pam for her help to set up uptown for Hey Days and the tickets for 50/50 draw. Big thanks to Esther, Jean, Phyllis, Pam and Shirley for selling tickets. Huge thank you to everyone who brought tickets.

The winner of the 50/50 was Alfie Haroldson for @252.50. With everyone's help we reached our objective of a new loveseat for our common room! Thanks to all.

We hope everyone is enjoying their summer so far; but hey, it's only half over.

We would like to thank everyone who purchased tickets on our "Summer-themed Raffle wagon.". The winner was Shannon Beatty of Saskatoon. Congratulations Shannon!

Did you know:

- Roses are related to apples, raspberries, cherries, peaches, plums, nectarines, pears and almonds?
- Tulip bulbs can be substituted for onions in a recipe?
-The very expensive spice, saffron, comes from a type of crocus flower?
- Sunflowers move throughout the day in response to the movement of the sun from east to west?
- In earlier times the juice from the Bluebell flowers was used to make glue?

VILLAGE OF SHELL LAKE

Did July ever go by fast.....so fast Carol had to phone and remind me that it was time for the mayor's report!

Don't you think that Hey-Days was a huge success? I was asked why I wasn't in the parade. It was because I was busy cooking cinnamon buns but Iwas happy that councillor Dillan Simonar was able to represent our council. Thankyou to Merv Dust for the horse and wagon and to Joe Delisle for driving. You guys make a good team! Pun intended! It is unfortunate that the Athakakoop Rodeo falls on the same weekend!

We had anticipated patching some of our very bad areas in the streets with hot mix but the quote came in at $33,000. We felt that price wasn't justified so didn't do it.We did however apply canola oil to a few streets and are satisfied with the results of that.

We are having ongoing sewer problems. I have been told by Anderson Pump House that we are not alone. Apparently all villages that have a pump out system are finding that the tremendous amount of rain is burdening the system because ground water is getting into some septic tanks and causing the pumps to work overtime. Merv tells us that our transfer pumps at the tranfer station have tripled their usage. Anyway it is in the works to flush our lines and repair the working mechanisms in the manholes where needed. We appreciate your patience and co-operation in our sewer related problems.

The lovely summer weather has arrived so I hope everyone takes some time from gardening and farming to enjoy it.

Mayor Anita Weiers
